My dear Alene:

Here is a new inquiry. Mr. Smith does not appear to be eligible for a Country Clubber which requires about \$12,500 per year income. Whether his wife's salary could be considered as additional required income is something that can be gone into later on.

I thought, though, that since the Smiths are residents of Camden, you might be interested in making a preliminary telephone contact before you come here on Saturday.

Cordially,
